

One Day Training Session on
UNCERTAINTY IN MEASUREMENT

Day & Date: Friday, 9th February 2024 | **Time:** 10:00 AM to 05:30 PM
Venue: FGI Business Centre, Sevasi, Vadodara

ABOUT THE SESSION:

Industries are strategically positioning their products in the market for end users. To maintain a competitive edge through superior product quality, they meticulously undertake quality control measures. These can be executed either internally or externally and involve multiple measurements.

In today's intensely competitive marketplace, the lead attribute that sets a product apart hinge on its quality. This quality factor rests firmly on Quality Measurement featuring low error rates or closely confined uncertainties. Pertaining to platforms like GEM portal, BIS license along with export businesses and corporate realms, establishing an in-house system for stringent quality assessment has grown steadily into a requisite mandate for manufacturing units looking at fulfilling ISO 17025-2017 guidelines.

In view of above, FGI will host a Single-Day Session on 'Uncertainty in Measurement' aiming at employing superior-quality measurements revolves around minimizing uncertainties as well as bolstering confidence across all stages; from design to manufacturing and eventually leading up to maintaining continual high-quality standards in varying fields such as aerospace, medical devices industry or automotive industry including calibration laboratories alike.

Note: The entire session involves practical approach and therefore every participant is required to bring the following:

- 1) Scientific calculator
- 2) Any one measuring instrument - Vernier Caliper, Micrometer
- 3) Latest calibration certificate of respective instrument

WHO SHOULD ATTEND?

- MD, Directors, CEO, Owner, Partners, Promoters, CFOs.
- Strategic & Functional Heads from all business processes Engineers, Scientists, & engineers engaged in Testing, R & D, QA, QC & Inspection, Decision Makers & Interested Personnel.

GUEST SPEAKER:

Mr. Nilesh Pandya
Director,
Electrical Testing Center,
Vadodara

HOW TO ATTEND?

Participation Fees:

Type	Amt.	GST (18%)	Total
FGI Members	1500	270	1770
Non-Members	2200	396	2596

● Participation fee is non-refundable.

Please confirm participation in advance by clicking on the below given Registration Link or scanning the QR Code. Participation is Limited and is on First Come First Serve basis.

For more details, if needed, please get in touch with FGI on the below mentioned contact details.
