Discussion on

India's Foreign Policy Strategy in the Context of the Evolving US-China Rivalry

Day & Date: Friday, 23rd June 2023 | **Time:** 05:00 PM to 06:30 PM

Venue: FGI Business Centre, Gotri-Sevasi Road, Khanpur, Near-Sevasi, Vadodara

About the Discussion:

It is evident to all observers that the coming decades will witness a conspicuous competition, and possibly even a direct conflict, between the United States and China. This contest will be dynamic and diverse, encompassing various aspects such as diplomacy, economy, strategy, military, geopolitics, technology, and more.

The implications of this conflict are likely to significantly impact India, which is a rising power in Asia. India has several interests at stake in its relationships with both China and the US. It is determined not to be perceived as a mere pawn in the rivalry between the two nations. Therefore, India is expected to adopt a strategy of both multi-alignment and non-alignment in the new Cold War. Simultaneously, India will strive to enhance its role in the evolving security framework of the Indo-Pacific region as a whole, focusing on its immediate and extended neighbouring areas.

Topics to be covered:

The objective of this discussion is to illuminate the challenges and opportunities that lie ahead for India's foreign policy in an increasingly interconnected and multipolar world, taking into consideration the probable future of multidimensional competition between the US and China.

The discussion will be an interactive session wherein the speakers will discuss on the topic and participants will be able to put forth their thoughts and interact with the speakers.
