SEMINAR ON

Road Ahead for India as an Investment Destination

Day & Date: Tuesday 26th September, 2023 | **Time:** 04:00 PM to 05:30 PM (Followed by High Tea)

Venue: FGI Business Centre, Sevasi, Vadodara

ABOUT THE PROGRAM:

Indian economy stands at \$3.75 trillion and we are no longer an unknown story in the global landscape. India is poised to be one of the fastest growing large economies in the world for the next five to ten years. We see bottom-up opportunities in rural facing businesses, capex-oriented sectors, manufacturing, industrials, healthcare, urban consumption, technology, and telecom.

Globally, as the rise in central bank policy rates to fight inflation continues to weigh on economic activity, we believe India stands strong amidst global uncertainties. The global growth is showing signs of improvement with a weak upend. Amid impact of higher interest rates in the economy, the Indian equity market holds pockets of opportunities to create wealth for the long term.

In view of the above background, FGI and TATA Capital Wealth have jointly organized this seminar in order to help participants address how to seize the opportunity in equity markets, through focused approach.
